FROM YALE CENTER FOR ENVIRONMENTAL JUSTICE

Mapping Public Art in New Haven

I've been mapping public art in New Haven as part of my nonprofit project ArtAround and I'd love to invite you to join me, or just check it out and see what you think.

FACULTY / ALUMNI

Post Your Art Apprenticeship & Internship Opportunities for Undergraduates

The Yale Arts Apprenticeship Program connects Yale undergraduates, particularly those on financial aid, with professional arts practitioners of any discipline as an option within the Summer Experience Award.

FROM YALE CENTER FOR ENVIRONMENTAL JUSTICE

Fourth Annual Global Environmental Justice Conference

We are planning our fourth annual Global Environmental Justice Conference, this year focusing on the theme of 'Environmental Joy' — exploring how environmental justice and climate work can alleviate suffering and increase wellbeing.

ADD YOUR PROJECT,
WORK, OR THOUGHTS

A message from Communications: All members of the SoA community are invited to edit the majority of the wiki however they like, but we ask that any non-curricular projects be added to this section of the homepage. Students are also invited to reach out to Assistant Director of Communications [Lindsey Mancini](#) for additional support.

Calendars & Newsletters

NEW CALENDARS BEGINNING SUMMER 2020

Public Calendar

Containing those events open to the public.

School of Art in the World

Containing events and exhibitions hosted by, led by, or featuring members of the School of Art community.

Community Calendar

Containing those events open only to the SoA community.

GET NEWS IN YOUR INBOX

Sign Up for Our Newsletters

We publish two newsletters during the academic year to keep the SoA community informed about events, news, and happenings.

News From New Haven

A public monthly newsletter about news and events happening on campus.

Week at SoA

A weekly community-only email listing SoA events as well as public and university events in New Haven.

Desde UI, trabajé en una estética alineada con el perfil artístico de Yale, utilizando tipografía de alto contraste, composición asimétrica y amplios espacios negativos para transmitir sofisticación, orden institucional, el resultado es una interfaz más accesible, clara y visualmente atractiva, sin perder la identidad de la escuela.

Reorganice la estructura visual usando una retícula más limpia para facilitar la lectura del contenido, también mejoré la tipográfica, destacando títulos, eventos y llamados a la acción para que la información importante sea más fácil para el usuario. También mantuve la paleta institucional con colores azules y tonos neutros, pero aumenté el contraste y el espacio en blanco para generar una interfaz más elegante y legible, también estuve simplificando la navegación superior y agrupé accesos rápidos para reducir la carga cognitiva del usuario, reestructuré las secciones de eventos, calendario y bulletin board para que el contenido dinámico tenga mayor protagonismo y sea más fácil de explorar en la página y por último añadí componentes visuales más consistentes a las tarjetas, botones y bloques editoriales para mejorar la coherencia visual en todo el sitio.

También optimicé la distribución responsive pensando en una experiencia más fluida entre desktop y dispositivos móviles.
